Hi Eugenia. I merged the two issue papers. Please take a look at this draft.

Thanks again for your help!

Thanks Leslie!

Jennifer, for the congressional budget hearing fact sheet, I just talked to Chip, and he asked that we keep the key and talking points internal to the region as they are still draft, so please don't share those in your briefing just yet.

Hi Jennifer – I asked for help from the RCRA manager on your issue paper, and attached are some edits with track changes. FYI the site is spelled Exide and not Excide. Unfortunately we don't have an answer for your bullet points on the decommissioning completion date or the soil lead background levels, so those are crossed out.

I also attached a fact sheet that a Superfund manager prepared for a congressional budget hearing. It may be of help to you.

Hi Leslie and Eugenia. I cobbled a start to an issue paper based on what information was readily available. I appreciate you taking a look at this. As I said to Leslie this is fast moving!
